Green PRESIDENT SIGNS TARIFF MEASURE, IN FORCE TODAY

(BY A. P. NIGHT WIRE.)
WASHINGTON, Sept. 21.—American tariff making will have a new phase tomorrow with the coming into force of the Act of 1922. For the first time in history Congress has turned part of its authority over taxes at the custom houses, and the President broad powers to increase or decrease duties, and change from foreign to American valuation for assessing ad valorem duties on imports.

Referring to the sections carrying this grant of authority, President Harding, in attaching his signature to the new act, declared today that "if we succeed, as I hope we will succeed, in making effective the elastic provisions of this bill, this will prove the greatest contribution toward progress in tariff making in a century."

VITAL WORK AHEAD
The tariff commission, created during the administration of President Wilson, will be the agency through which the President will exercise his new authority and present expectations are that its work will rank almost in importance with that of the Interstate Commerce Commission. The commission will make extensive investigations into costs of production at home and abroad and will report its findings with recommendations for rate or valuation basis, may be either to the President or the commission, but such as were addressed to the executive would be referred to the commission. The first step would be a determination of whether the facts presented justify action. If the facts justify action, the commission would follow.

Chairman Marvin said today the commission had not yet had time to work out details of methods of procedure. When this task has been completed, the regulations will be made public.

DISCRIMINATION PROBE
While the commission has for years been engaged in making investigations as to differences in cost of production at home and abroad and gathering facts about domestic industries, it may be that this Congress has been more active in its investigation of discrimination in foreign countries and making recommendations as to means of meeting situations arising from discrimination is determined to exist.

The ascertainment of production costs in foreign countries is expected to find the commission to prove the most difficult of the varied tasks. It is anticipated that the commission will be able to obtain information from agents in foreign fields may meet with obstacles in gathering all the facts desired.

However, in determining whether there shall be changes in tariffs, the investigating body will not be confined alone to the production costs abroad, but will be authorized to take into account selling prices in the American market and other conditions in competition in trade.

UNABLE TO FIND BODY
Miners Believe Fessel Went Into Gas Filled
Maldon Shaft Seeking Air

(BY A. P. NIGHT WIRE.)
Maldon, Sept. 21.—Rescue workers were today unable to find the body of William Fessel, the only one of the forty-eight men whose body remains in the mine.

Since his body was not found back of the bulkhead, it is thought that he fled to some other part of the mine in an effort to find better air, or a better place for the miners' bulkhead, and that he was killed by the gas.

Ever since the disaster at the Ararat mine there have been forty-eight signs of clothing hanging in the change house at the mine, the first broke out, the number of men believed to have been imprisoned was given out as forty-eight. The figure was arrived at by American county Red Cross officials who counted the unclaimed bodies. Subsequently Supt. V. A. Garbarini, after counting the missing bodies, announced that there were there were but forty-seven miners in the burning mine.

MAY FIND TWO BODIES
The failure of the rescue workers to find the body of Fessel this morning again called attention to the street clothes of the dead miners. A record showed that there

Los Angeles Takes Gunman FORD WILL REOPEN ALL HIS PLANTS

(BY A. P. NIGHT WIRE.)
DETROIT (Mich.) Sept. 21.—Henry Ford's "industrial strike" came to an end tonight.

At midnight his great automobile plants in the Detroit district, employing upward of 70,000 men, which were closed for an indefinite period last Saturday as the manufacturer's protest against what he termed "excessive coal prices," again were the scenes of industrial activity.

The order for the reopening of the plants came this afternoon from Edsel Ford, son of the manufacturer, and president of the Ford Motor Company, who made arrangements to obtain coal during a long conference in Cincinnati yesterday with fifty mine operators.

The reopening order was approved by Henry Ford, and official announcements were made that the country would daily since the shutdown of the plants supply the country with automobiles. The reopening of the plants was announced in the Detroit district, where the country would daily since the shutdown of the plants supply the country with automobiles. The reopening of the plants was announced in the Detroit district, where the country would daily since the shutdown of the plants supply the country with automobiles.

EDSEL SENDS TELEGRAM
Edsel Ford in his telegram, copies of which were dispatched to every Ford assembling plant in the country, said the Interstate Commerce Commission's latest order permitting the flow of fuel to automobile plants previously in the shutdown, made it possible to resume the supply of the cars of coal required to operate the Ford enterprises.

Executive offices of the concern, which since the shutdown have been the scenes of almost feverish activity in the effort to solve the company's coal problem, saw the setting in motion of machinery for the reopening within a few minutes after the president's message was received. It was announced the late night shift of workers should resume their work tomorrow. The Ford company, it was announced officially, will start at 12:01 o'clock tomorrow morning on a capacity production schedule in an effort to catch up on accumulated orders.

The reopening order today not only put back on the pay rolls the 70,000 Ford workers in Detroit, and the 40,000 others in assembly plants throughout the country, but also means reopening of scores of small machine shops and accessory concerns, chiefly in the Detroit district, that were obliged to close last week because the Ford company is their sole or chief customer.

These smaller concerns employ upward of 12,000 men.

Ford employees received the news of the reopening with undisguised relief.

Night-shift workers in many instances hastened to their homes to obtain several hours rest before their vacations ended.

BUSINESS AFFECTED
The same feeling of relief was evidenced in all of Detroit's business and industrial world. The Ford closing put nearly half the district's workmen out of jobs.

Details of the arrangements whereby Mr. Ford is to obtain surplus coal, to run his factories at what he terms "an average price" were lacking here tonight, despite the absence of both Edsel and Henry Ford. The latter, soon after he approved the reopening order of his son, departed for the south on his railroad, the Detroit, Toledo and Ironton.

The opinion was expressed at the company's offices that Mr. Ford personally might visit the southern coal fields, from which his coal supply is to come.

The closing and subsequent reopening are the two most important chapters in a verbal battle that has been waged by Mr. Ford against the coal industry.

NEW LIGHT ON MURDER
Attempt on Mrs. Mills's Life Made Several Weeks Before Body Found With Rector

(BY A. P. NIGHT WIRE.)
NEW BRUNSWICK (N. J.) Sept. 21.—Detectives investigating the murder of the Rev. Edward Wheeler Hall and his choir leader, Mrs. Eleanor Reinhardt Mills, were working tonight on a report that an attempt had been made on Mrs. Mills's life several weeks before her body was found beside that of the rector, on the deserted Phillips farm.

This report—which fits in with the theory of personal enmity on which the authorities have concentrated most of their efforts since the discovery of the bodies—disappeared from New Brunswick, the slain choir leader, in a day that teamed with new "angles" to the case.

Detective Ferguson of the Middlesex county force said he was unable to learn where Mills had gone, but was assured he would return soon.

Believing the establishment of the fact that the gospel regarding

DIRTY TRICKS
BY THE KAISER

Mad Monarch of Potsdam
Said All Such Must Be
Successful

"When you play dirty tricks it is necessary that they be successful."

This is a maxim quoted with approval by the Kaiser in his memoirs. Is it a part of his exposition of German culture? The racy episode of which it is a part throws a curious light on the approved practices of secret diplomacy during the middle period of the Kaiser's reign.

Only those who read these memoirs, publication of which begins in The Times Sunday, will get an insight into the curious mingling of materialism and mysticism that caused him to be called, long before the war, "The Mad Monarch of Potsdam."

Unbalanced, as Bismarck brutally asserts in his autobiography? Read the memoirs and their accompanying commentary and form your own conclusion.

Los Angeles TURKISH NATIONALS PREPARE TO SEND ALLIES ULTIMATUM

(BY CABLE AND ASSOCIATED PRESS.)
ATHENS, Sept. 22.—Greece will never permit the Turks to invade Thrace, which she considers part of her homeland and retention of which is "essential preliminary condition to any peace conference." This declaration was made in a statement to The Associated Press by the Greek foreign office today.

CONSTANTINOPLE, Sept. 21.—In Allied diplomatic circles tonight it is reported that the Turkish Nationals are on the point of issuing an ultimatum to the Allies, demanding the evacuation of Thrace in forty-eight hours.

REFUSES TO WITHDRAW
(BY CABLE AND ASSOCIATED PRESS.)
PARIS, Sept. 21.—Great Britain refused categorically to withdraw her troops from Chanak and has so informed the French government. This was definitely stated in official British circles tonight, in reply to a persistent report in French quarters that British forces would probably be retired on the other side of the straits.

The French Premier received notification late this afternoon of the decision to hold the troops at Chanak.

The British government has been advised that the troops are in no danger of attack by the Kemalists, and that the British navy in co-operation with the land forces could withstand a strong attack by the Turks, but if overwhelmed by superior numbers, which is regarded unlikely, the troops could be easily withdrawn to Gallipoli under cover of the naval guns.

POINCARÉ MAKES PLEA
Meanwhile, according to dispatches from Constantinople, French and Italian contingents have been withdrawn from the neutral zones by order of their governments. The British say they have the assurance of Premier Poincaré himself that the Turks will not attack.

Poincaré, however, has made a strong plea for the retirement of the British forces, on the ground such a move would hasten peace and would calm the more warlike party in the Ankara government.

A further decision of the British government, which will be formally announced at tomorrow's meeting, is that its representatives will go to the proposed conference with an open mind and will refuse to concede the Turkish claims to Thrace, Adrianople and Constantinople in advance of the peace meeting.

The British contend that if the Turkish demands were accepted immediately, there would be no need of a conference. Complete accord between France and Great Britain, therefore, is remote.

"UP TO BRITAIN"
Ferdinand Bey, the Nationalist representative in Paris, informed the Associated Press, this evening that the British are the ones responsible regarding the conference would probably come within two or three days.

"Whether there is trouble in Asia Minor and an advance of our forces into our rightful territory depends entirely on the good will of Great Britain," said the Turkish envoy. "If Great Britain gives us an indication that she will grant our demands for Thrace, Constantinople and Adrianople, our forces will remain where they are, pending upon the conference. If we do not get this assurance, Turkey will be forced to make further sacrifices for her rights. We prefer to obtain our rights by diplomatic and peaceful methods, but we may have to insist on them by other means."

TO RESUME PARLEY
(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Sept. 21.—The conference between Premier Poincaré and Lord Curzon will be resumed at Paris tomorrow morning, and while these are pending, the British Prime Minister left for his country residence, and the other members of the cabinet are expected to return to the city.

It is believed, however, that instructions have been sent to the British Foreign Secretary to inform Mr. Poincaré in the most emphatic manner that Great Britain is determined to preserve the status quo.

Moving-Picture Men Denied Permission to Photograph Commons

(BY A. P. NIGHT WIRE.)

RENEWAL OF WORLD WAR IS IMPENDING
STRAUS DECLARES

(EXCLUSIVE DISPATCH.)
NEW YORK, Sept. 21.—Present conditions in Asia Minor are so serious that there is "great danger of a recrudescence of the World War," declared Oscar S. Straus, twice Minister and former Ambassador to Turkey, in an exclusive interview today.

The former Ambassador, who probably is as familiar with the Turkish question as any other in America, emphasized these points in his interview:

(1.) Turkey, Russia and Germany, with one or more of the Balkan states, are now in a position to force against the Allied powers.

(2.) The United States, for its enlightened self-interest, may be compelled to take a part in preventing a world conflagration and in restoring peace.

(3.) A general conflagration can be avoided only if (a) Great Britain, France and Italy reach an immediate agreement, and (b) if the Treaty of Versailles be materially revised.

(4.) The present menacing condition would not have developed had the United States under any reservations we chose to make, joined the League of Nations.

(5.) Venizelos, Greek Premier, exiled at return of Constantinople, should be immediately recalled and placed in power.

SEES NEW WORLD WAR
"I do not wish to be a prophet of evil," said the former Ambassador, "but the danger of an outbreak of the World War is great. I say great because the present state of affairs may bring Germany, Russia, Turkey and one or more of the Balkan states together in close alliance."

"The present monarchical parties in Germany have nothing to lose and everything to gain, in their estimation, by joining with Russia and Turkey. Furthermore, the Russian soviet system would be immeasurably advanced by such an alliance."

"Today, Russia has in readiness the greatest army in the world. That army organized and led by German officers can be enlarged to any extent."

"With the world exhausted as it is, bleeding at every wound, another world war would be a disaster of endless woes in the disorganization it may bring with it."

Straus discussed the causes of the present situation.

For the last ten years the eastern question has menaced the peace of Europe not because of the dominant power of Turkey, but because of the jealous and antagonistic interests of European powers in respect to Turkey.

DISCUSSES CAUSES
The diplomacy of the Turk has been to take advantage of this antagonism.

"The present situation has developed from the causes of the present situation."

PREMIER REBUKES UNIONS
Lloyd George Tells Trade Delegates Their Action
Fosters War Britain Seeks to Avoid

(BY CABLE—EXCLUSIVE DISPATCH.)
LONDON, Sept. 21.—The chief happening in London today in connection with the Near East crisis was a reception by Prime Minister Lloyd George at Downing street to a deputation representing the Trade Union Congress which voiced labor's opposition to a war.

The deputation included such famous labor leaders as J. H. Thomas, M.P.; Ben Tillett and Margaret Bondfield. Lloyd George was accompanied by Sir Robert Horns, Austen Chamberlain and Sir Laming Worthington Evans. Late in the evening a short official communique stated that the delegates had expressed the view of the labor council while Mr. Lloyd George replied.

This secrecy is said to be due to the request of the union-labor men, who held a meeting afterward, but it is said they took no debate. I am told the meeting was an extremely lively one. The

WELCOMED AT HONOLULU

Angelenos Met by Bands, Planes and Girls; Native Feast Attended by Business Men

BY RILEY H. ALLEN.
"Times" Staff Correspondent
[BY CABLE—EXCLUSIVE DISPATCH.]

HONOLULU, Sept. 21.—Hawaiian and mainland civilization blended here today in a continual round of entertainment and business sessions. Yesterday the big liner, City of Los Angeles and its passengers were given one of the greatest ovations that ever came from Hawaii, when the vessel docked to the tunes of oriental melodies and the throbs of airplanes overhead.

Since the landing of the passengers of the Chamber of Commerce excursion party who are making possible the dream of a new outlet of the Pacific come true Hawaii has bestowed her best gifts and wishes upon the leaders of the venture.

TOURISTS FETED

Citizens and officials have voiced with one accord their sincere desire to see the new steamship service become a permanent thing. The reception of the territory has not lessened in any degree. From the moment the smoke was seen rising out of the stack of the liner, roaring its way up into Honolulu Harbor after stopping at Hilo and at the island of Maui, when it was met with a fleet of Hawaiian outrigger canoes carrying the native band, the passengers have been dined and feted at private homes and at public banquets.

More than 600 people attended the Ad Club today, the Los Angeles party being honorary guest. The dinner was served on the roof garden of Hawaii's largest hotel, the Alexander Young.

Gov. Farrington, first president of the Ad Club and one of its founders, welcomed the Angelenos to the Territory. He declared that the arrival of the steamship City of Los Angeles marked the culmination of twenty years of waiting.

Several responses were made by Angelenos. Mr. Frederick of the Chamber of Commerce made the principal talk in behalf of Los Angeles.

Several officials of the Hawaiian Territory applauded the work of the Los Angeles leaders for their interest in the industry upon the waters, assuring them of their co-operation.

Mr. Baker of the Los Angeles party declared that the party is here not for the purpose of exciting enmity between rivals of the various nations but in the desire to create a business between the nations upon the seas.

BEACHES VISITED

When not engaged in business meetings the Angelenos were escorted about the city and taken to various resorts of amusement. Many spent most of the day at the beaches. Others took the trip down to the island where a native feast was given. Messrs. Fredericks, Baker, Chandler, Wiggins and other leaders of the Los Angeles party were the feature entertainers at the native feast at Honolulu.

they devoured poi, fish, coconuts, pork and other native products without the aid of forks or knives. Many of the party followed suit, eating with their hands.

In the afternoon a tea was given for the women of the visiting party by the native women. Later they were guests at a Hawaiian motion-picture theater, while the men attended a banquet at the Chamber of Commerce.

GARRISON AT YUMA EN ROUTE TO GUAYMAS

FOUR OFFICERS AND THIRTY MEN WILL HELP TO FIGHT INDIANS.

[EXCLUSIVE DISPATCH.]

YUMA (AP), Sept. 21.—The garrison of four officers and thirty men, under command of Gen. Edward Andelson of San Luis, Sonora, Mex., twenty-six miles south of Yuma, is en route tonight to Guaymas to take part in the Mexican government's movements against the Mayo Indians in the Yaqui Valley.

Gen. Andelson, with his family, is proceeding by rail to Hermosillo, capital of Sonora. The enlisted men are marching to La Balsa, at the head of the Gulf of California, where they will embark on a sailing vessel for Guaymas.

Those in touch with Mexican affairs here declare that the Mayo uprising is directed at the Mexican government, as well as against the Yaqui Indians, and is inspired by tribal jealousy. Six hundred Mayos are declared to have taken the warpath.

Gen. Andelson had but recently returned to San Luis from Hermosillo, where, upon the death of Gen. Carlos Plank, he had been made commander of the Mexican army in Sonora, with headquarters at Hermosillo.

RUIN FOLLOWS M'NAMARA

Iron Work on Building in Indianapolis Wrecked; Dynamite Threatens Employers.

[EXCLUSIVE DISPATCH.]

INDIANAPOLIS (Ind.), Sept. 21.—Part of the structural-iron work on a building being erected here by the Duesenberg Automobile and Motor Company was wrecked last night, endangering near-by homes and other structures, and causing a loss of more than \$1000.

J. R. Skinner, president of the Capitol Transfer Company, who is doing the work, attributes the damage to union labor differences because union ironworkers were not employed on the job.

Mr. Skinner said today that John J. McNamara, who served nine years and five months of a fifteen-year sentence in San Quentin penitentiary in California for the dynamiting of the Los Angeles Times Building and the Lewellyn Ironwork in 1910, and who is now employed as business agent of Bridge and Structural Ironworkers' Local Union No. 22, called on him twice in regard to the work, and told him there would be "contention on the job" as long as no structural-iron workers from his local union were employed.

Mr. Skinner said he reported the matter to the Board of Public Safety and asked for police powers. The board members explained, he said, that they would grant him police powers for his place of business in West New York street, but the powers would be void elsewhere. The board assured him, however, that ample police protection would be given if it was needed, Mr. Skinner said.

Work on the building will be resumed as soon as an inspection is

made by the city building inspectors. It was said.

"We are going ahead with the work if I have to stay here every night with a shotgun on my knee," Mr. Skinner said.

Efforts were made to get in touch with McNamara, but it was said at his office that he was not there.

Mr. Skinner said he reported the matter to the Board of Public Safety and asked for police powers. made by the city building inspectors. It was said.

"We are going ahead with the work if I have to stay here every night with a shotgun on my knee," Mr. Skinner said.

Efforts were made to get in touch with McNamara, but it was said at his office that he was not there.

Mr. Skinner said he reported the matter to the Board of Public Safety and asked for police powers. The board members explained, he said, that they would grant him police powers for his place of business in West New York street, but the powers would be void elsewhere. The board assured him, however, that ample police protection would be given if it was needed, Mr. Skinner said.

Work on the building will be resumed as soon as an inspection is

made by the city building inspectors. It was said.

SENSATION IN TIERNAN CASE

Wives Near Encounter in Courtroom

Poulin's Spouse Hissed as She Takes Stand

Professor Flings Lie to Startling Charge

(Continued from First Page)

Attorneys for the defense, began the questioning. Mrs. Poulin told of her first meeting with the Tiernans, of their friendship dating back for three years, of frequent interchanges of visits and then, for the first time, made the statement, that she was later to repeat, that she and her husband had attended services every Wednesday and Friday during Lent, 1921, except on the night of March 9.

The interrogation regarding that night became specific.

Question: Did you see Mrs. Tiernan that night?

Answer: Yes, she came and sat with me in church.

Q: What happened after church?

A: We walked out together and she came home to my house with me.

Q: Was Mr. Poulin there?

A: Yes, sir.

Q: How long was Mrs. Tiernan there?

A: Until about 9:10 or 10 p.m.

She telephoned Mr. Tiernan when she first came in about 8:30 p.m. Then she phoned him again, telling him what car she was going to take. Mr. Poulin and I took her to the car and saw her board it.

CLOSELY QUESTIONED

Mrs. Poulin seemed to be having a good time. So did Harry Poulin, who winked at his wife every now and then. And the Tiernans were enjoying a joke at the expense of the witness, whose testimony did not appear to disconcert them.

Suddenly Attorney Schwartz refreshed Mrs. Poulin's memory regarding a visit of Mrs. Tiernan to the Poulin home Sunday, Feb. 20, 1921.

Q: During that visit did you, and your sister, Mrs. (Billy) Senrecht and Mrs. Tiernan go into the kitchen?

A: Yes, sir.

Q: Did you ask Mrs. Tiernan "What's the matter Gussie, you seem so down-hearted? You don't seem to have any pep?"

A: Yes, sir.

Both couples were smiling.

Q: What was her answer?

A: She said "You don't know what I have to put up with—"

And the witness grew almost inaudible as she told with tightly pursed lips of Mrs. Tiernan's statement regarding the obligations of a wife.

Prosecutor Floyd O. Jeilison shouted "This is the rankest kind of practice ever participated in," but Mrs. Poulin was permitted to continue, saying:

FIGHT THREATENED

"My sister was disgusted and left the room. Then I said to Mrs. Tiernan, 'Gussie, you ought not to say that before Mrs. Senrecht.' But she said, 'Oh, we are all married, so what difference does it make?'"

Mr. Tiernan, the enraged husband, jumped forward in his seat. Prof. Tiernan, the legal expert, placed a pedagogical hand of restraint on his wife's arm, as she made a lunge toward Mrs. Poulin. Pacifying each other, they settled back for a conference with Prosecutor Jeilison, who later tried to impeach the witness and prove that this statement was the result of a prejudice and a prearranged plan of conduct toward the Tiernans.

"We want to find out," said Jeilison, "whether this woman is testifying this way because she wants to tell the truth, because she wants to stick to Harry Poulin through thick and thin, or because she has a plot against Mrs. Tiernan." He shot his first question.

Q: Are you pretty friendly with Mrs. Tiernan?

A: The silence seemed longer than it really was. But it was not short.

Q: No.

Q: When did you cease being friendly with her?

A: Sept. 26, 1921.

Q: Just after your trip to Chicago?

A: Yes, sir.

Q: Did you go to Mrs. Tiernan's home in a taxi shortly after your Chicago trip?

A: Yes, sir.

Q: Did you cease friendly relations with Mrs. Tiernan before or after that visit?

A: We had some conversation over the phone before I went out. I wasn't very friendly when I started out.

Q: When did your affection for Mrs. Tiernan start to subside?

A: I don't remember the date. We had a little fuss after I got back from Chicago. Then we made up and were good friends again.

Q: Had you received some information while you were in Chicago, regarding Mr. Poulin, that caused you to return prematurely?

A: I can't say that I did. I got the information from a letter just as I was ready to return.

Q: Was it a neighbor?

A: I don't know.

Q: It must have been a neighbor, for it was some one who knew your address in Chicago.

Prof. Tiernan was a witness earlier in the day. He had a most trying time. After a long series of questions by the attorneys for the defense, Attorney Parker suddenly leaned across the table and asked:

"Are you the father of any other children except the two that you have, the daughter and son?"

Prof. Tiernan moved forward in his chair and gulped several times before he could find his voice. His white lips mumbled as he attempted to seek for the most emphatic phrase to use in denial. Absolutely not, he finally said. "Isn't it a fact," drawled the attorney, "that you are the father of a child in Illinois?"

Prof. Tiernan struggled to his feet and pounded the table vehemently as he shouted:

"It's a lie—"

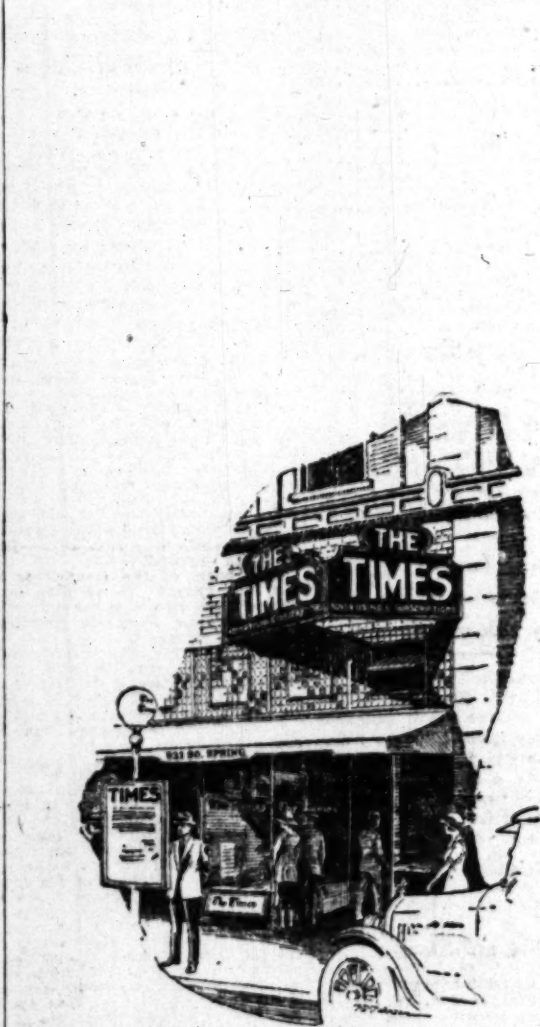

"And that this child is now being cared for by a South Bend woman?" continued Attorney Parker.

"It's a lie, a lie and you know it!" shouted the professor hysterically.

Across the table Mrs. Tiernan, her face flushed with white and

Sunday Want-Ads

Now being assembled for the Big Sunday Times
Phone or Bring "Copy" at Earliest Possible Moment

TIMES Branch Office, 421 South Spring. The same want-ad service is given here as at the TIMES main office. Only a few of the largest newspapers in the country handle as many want-ads as this busy spot.

Three to Five Million "Wants" Originate in Southern California Every Day.

Among the more than a million inhabitants, daily transactions in all lines of business reach incredible figures. Each day hundreds of buildings are being started—hundreds of rooms, flats and houses are being furnished—hundreds of automobiles are being sold: According to latest official records, real estate sales alone now average 450 per day. Business in the TIMES territory, counting all transactions in which money changes hands, has attained the stupendous total of 3 to 5 million transactions every 24 hours.

Each Week, SUNDAY TIMES Want-Ads Fill Thousands of These Countless Wants.

Nothing mysterious about the SUNDAY TIMES' huge want-ad volume! Nothing surprising that each week there should be a new broadside of bargains!

With millions of wants to be satisfied, and with the mass of all want-ad readers in Southern California depending on its information, the SUNDAY TIMES is able to present a kaleidoscope of bargains unequalled in the United States.

Vast as the number seems, the TIMES' 10,000 Sunday want-ads are but a mouthful for the hungry market—to be read, acted upon, and swept aside for the needs of a new day.

SHOPLIFTING BAND REVEALED BY YOUTH

GANG OF MEXICANS FROM MEXICALI PREYING ON VALLEY STORES

(EXCLUSIVE DISPATCH.)

CALEXICO, Sept. 21.—Appearing before Police Judge C. E. Markey, R. Villalaba, a Mexican youth, has revealed amazing evidence of a highly organized gang of youthful thieves, who have made it their business to shoplift and siphon goods from the counters of the stores in Calexico and other valley cities.

When arrested Villalaba had in his possession one dozen handkerchiefs and a woman's scarf. The headquarters of the gang is located across the line in Mexicali. Villalaba stated he had recently joined the gang, induced to do so by the tales of riches and loot held out to him by the leader.

He was given a brief period of schooling in the art of shoplifting and thieving and sent across the line to work. His career was brief due to the vigilance of the police who had suspected the existence of such an organization for some time.

BEER PRICES INCREASE

Foaming Beverage Cost Goes up in Mexico

(EXCLUSIVE DISPATCH.)

MEXICALI, Sept. 21.—Necessities of life are constantly on the increase in Mexico. The latest is that the price of beer in Lower California has been raised from 35 to 40 cents per glass, or to 60 cents per pint bottle.

Draft beer is not to be had in the peninsula so far as local breweries are concerned. It must be shipped in from the mainland by

FRANCE WILL FLOAT SHORT-TIME LOAN

MONEY WILL BE USED TO MEET DEFICIT IN NATIONAL BUDGET

(BY CABLE—EXCLUSIVE DISPATCH.)

PARIS, Sept. 21.—According to Andre Tardieu the Finance Minister is now studying a project for a new government loan.

Nothing yet has been decided or divulged, he declares, but it is intimated it will be for a short term—two to five years.

It also is declared this loan is not to be a measure to consolidate defense loans, but to find the funds necessary to meet the budget deficit.

OLD SPANISH WAR SHIPS TO BE SOLD

(BY A. P. WIRE.)

WASHINGTON, Sept. 21.—The old Army transports Sheridan, Logan, Buford and Crook, all dating back to the Spanish war days and employed more recently in the regular transport line to Manila, are to be sold at auction October 2. The first three will be sold at San Francisco and the Crook at Norfolk.

Secretary Weeks explained today that the cost of maintenance of the vessels in the transport service had risen to a point where it was no longer a matter of economy to keep them in operation. One of them is more than 40 years old.

Robbed Poor Boxes, Bought Silks, Charge

(EXCLUSIVE DISPATCH.)

NEW YORK, Sept. 21.—May Mansfield, aged 16, of Brooklyn, missing from her home since August 7, was arrested today charged with attempted robbery of a poor box at the Roman Catholic Church of the Blessed Sacrament. Sexton John Chasch said that several times recently the poor box had been robbed and he was watching this morning when he saw the Mansfield girl enter and start to pry open the box with a screw driver.

In police court the girl was remanded to the House of the Good Shepherd. When she left home her father, Henry Mansfield, described her as wearing a gingham dress. Today she wore a satin dress and a fur trimmed coat, and according to the police, admitted that she purchased her clothes with proceeds from poor boxes.

An Oven Lighter both Sure & Safe

There are many points of improvement in the Oven Lighter on the ERIEZ. The valve is in front—no reaching around the side of a hot oven. Merely open the door, turn on the valve, hold the lighter match over the lighter and the flame is sucked down into the burner. Positive with no danger of explosion. This is only one of the many refinements that make this the range of

STOCKS IN LONDON

QUIET BUT STEADY

(BY CABLE-EXCLUSIVE DISPATCH)

LONDON, Sept. 21.—The stock

exchange generally was quiet to-

day, but a firm tendency prevailed

throughout. International senti-

ment created confidence, although

some hesitation was apparent later

when Paris offered a little stock.

British funds on the gilt-edge mar-

ket generally turned harder. In the

foreign market bonds improved

or were steady. Home rails still

improved and dollar rails weak-

ened, but foreign rails recorded

further advances.

Industrials displayed some ac-

tivity, but iron, steel and engineer-

ing shares were neglected. Oil

shares were well maintained at the

start, but weakened later on Paris

sales. Mexican Eagle 3 1/2-1 1/2.

Shells 4 1/2-3 1/2. Royal Dutch 40. An

initial advance in African mines

was checked by Paris selling.

Americans held gains. Pictures

were renewed at 1 1/2 per cent. Bar

silver was 35 1/2 and 35 1/2 for spot

and forward delivery. Foreign

Exchange: New York 4 1/2-1 1/2 to

4 1/2-1 1/2. Paris 57 1/2 to 57 1/2.

Berlin 6300 to 6350.

Tombs of Ancient Kings

SINCE the days of Mausolus, 377 B. C., man has used the tomb not only as a sepulchre for those he holds dear, but as a monument to their memory. Through the ages nations have honored their kings and heroes with this form of interment and built for posterity those world-famous structures of strength, beauty and nobility such as Hadrian's Tomb, the Pantheon, Westminster Abbey, the Campo Santo and the Taj Mahal.

Today the same system of above-ground interment is available with all its beauty and sacredness to residents of Los Angeles and its environs. With the completion of the second unit of the Hollywood Mausoleum there is offered the general public the same type of permanent construction, plus perpetual maintenance for its proper care and every element of beauty and grandeur that could surround the resting of a loved one.

The new Mausoleum in Hollywood Cemetery is open daily for your inspection. Our automobiles will call for you by appointment. (Phone Main 1534.) Write today for our attractive illustrated booklet.

LEVY SOUGHT FOR LIBRARY ENROLLMENT SETS RECORD

Directors Ask Amendment at Fall Election More Than 7000 Register in Southland College

Growing Needs Require More Money, They Say New Courses at University Increase Numbers

Proposed Increase is Called Advertising Proves Popular With 1926 Class

The Board of Library Directors yesterday asked the City Council to place a charter amendment before the voters at the November election, increasing the tax levy for the support of the library from 5 cents on each \$100 of assessed valuation of property in the city to 6 1/4 cents, in order to meet the growing needs of the department. Last year the library circulated 3,500,000 books, with an appropriation of \$425,000 under the present tax levy. The library directors pointed out that while the city's population had doubled since 1911, the library's work had quadrupled.

Under the bond issue which carried last year, the board will build a \$1,500,000 central library and establish new branches, but the board says that the tax levy must be increased if funds are to be available to conduct the enlarged department. The board in its letter to the Council, which was referred to the charter revision committee, said:

"Our success in the bond election of a year ago, when the vote for the library bond was larger than for any of the six other bond issues placed before the people, encourages us to believe that a favorable vote would be secured in November. If your Honorable Body placed this question on the ballot at any rate, we think you will recognize the justice of our plea, which is to give the people an opportunity to decide whether the Public Library deserves to have the proposed increase in its income."

Skeeters Face the Guillotine at Long Beach

By a "Times" Staff Correspondent (EXCLUSIVE DISPATCH)

LONG BEACH, Sept. 21.—Complaints from citizens that their neighborhoods are rapidly taking on the aspects of a swamp district has caused Dr. F. L. Rogers, chairman of the Chamber of Commerce health and sanitation committee to recommend that the city health authorities launch a campaign to make Long Beach an unhealthful place for mosquitoes.

The City Council will be urged to back up the health department in a city-wide campaign to clean up vacant lots, low-lying undeveloped sections and stagnant pools of water that gather in city streets and alleys, and offer breeding places for the pestiferous "skeeters." The chamber's recommendation will include a request that the city's present system of garbage collection be improved and that the garbage gentlemen be forced to refrain from spilling the contents of garbage cans on pavements and in alleys.

PACKING PLANT IS DAMAGED BY BLAZE

Fire of unknown origin late yesterday caused damage estimated at \$1000 to the A. J. Kaney meat packing plant at 703 Aliso street. The blaze broke out in a rear room, where meat is prepared for packing, according to the police. Prompt action upon the part of firemen quickly placed the flames under control.

WEDDED .. IN .. SUNKEN .. GARDENS

Society Girl Bride of Milwaukee Attorney

Mr. and Mrs. Hubert J. Schroeder

WITH a thousand fragrant blossoms wafting congratulations and blackbirds serenading all through the ceremony, Hubert J. Schroeder, a young attorney from Milwaukee, Wis., and Miss Leon Bennett, popular society girl of this city, were married at 8 a.m. yesterday in the Sunken Gardens at Exposition Park. The old-fashioned ring ceremony was performed by Dr. Elmer E. Helms, pastor of the First Methodist Church, of which the bride and her mother, Mrs. Laura Bennett of 1019 South Bixel street, are members. Only a few intimate friends of the bride and groom were present, among them being Mrs. Helms, Mr. and Mrs. F. M. Ordway, R. H. Wray, William M. Bowen, "father of Exposition Park," and Miss Ruth Hiestand, who was bridesmaid. The groom was his own as well as the bride's "best man."

Bullock's "ONE O'CLOCK SATURDAYS" Bullock's

Girls' Wool Dresses, \$15

Handmade Blouses \$5.00
—The very things for tailored suits! And had you thought how wonderfully charming they are with Tuxedo sweater outfits?
—Wanted styles which you expect in a group of hand-made voile blouses: roll collar and vest effect, trimmed in flet and Irish crochet; V neckline with Irish crochet trim; Peter Pan collar with Irish edge. —Blouses, hand made, have perennial appealingness—and these—at \$5!

SOCIETY

BY VIRGINIA WOODS

Entertaining House Guest
Mrs. John Henry Dockweiler of 304 South Occidental Boulevard is entertaining a house guest, Mrs. Edward H. Coleman of San Francisco, for whom she is arranging a large bridge luncheon for next Thursday.

At Barbecue Dinner

Dr. and Mrs. Henry J. Lissner have moved back into town after spending the summer at their extensive Spanish bungalow in Santa Monica. They are to give a week-end party this week and plan a mid-day barbecue dinner on Sunday. Among the guests will be Charles William Keith of San Francisco, who is exhibiting the paintings of his father, William Keith, at the Curtis studio on Western avenue.

At Bridge Tea

Mrs. Kiel Pulliam gave a jolly little bridge tea yesterday afternoon, having a company of intimate girl friends.

Guests From Reno

Mr. William A. Clark, Jr., is entertaining house guests, Mrs. E. J. McManus, sister-in-law of the late Mrs. Clark and her daughter, Miss Alice McManus, and her son, George McManus of Reno, are here for the winter. Miss McManus will attend Marlborough school and George will enter Deane School at Santa Barbara.

Mr. and Mrs. Robert Cowan of San Francisco are also guests of Mr. Clark.

Returns From Beach

Mr. and Mrs. Stanley Frederick McClung and their daughter, Miss Nancy McClung, are back in town at their home on Elden avenue after spending the summer at Hermosa Beach and in San Francisco. They left their summer home the middle of August and spent the rest of the time in the Bay City.

To Meet Returning Traveler

Mr. and Mrs. Douglas Dallam of the Beverly Hills Hotel, have returned to San Francisco to meet Maj. Charles M. Parker, who will return with them after a three months' trip to France and England.

Here for Winter

Mrs. F. J. Kelley and son, Kenneth Kelley, of San Jose, have closed their beautiful home, Ar-Kel Villa, and will be at the Beverly Hills Hotel all winter. Mr. Kelley will attend school in Los Angeles.

Moving to New Home

Mr. and Mrs. Paul B. Hammond are moving into their new home at 324 Windsor Boulevard. They have been making their home at 603 North Ardmore street.

Mrs. Chambers Entertains
Mrs. Regina Conless Chambers of Harvard Boulevard presided at a smart luncheon on Wednesday.

To Winter in Mountains
Judge and Mrs. Sidney N. Reeve have sold their home at 350 Gramercy Drive, and with their children and Mrs. Reeve's mother, Mrs. W. W. Widney, will be at their mountain home in the Verdugo Hills, near Sunland, all winter.

Return From Coronado
Mr. and Mrs. U. G. Orendorf and their attractive daughter, Miss Helen Orendorf, have returned from Coronado, where they passed several delightful weeks.

In Bay City
Mr. George Leslie Smith has gone to San Francisco for a few days' visit.

Mrs. Bishop Returns
Mrs. Geneva Johnstone-Bishop returned on Tuesday from a visit to the east, and is the guest of Mrs. Charles Modini-Wood of 515 Slat.

Returned to Kentucky
Miss Lottie Lashbrook, who spent the summer with her uncle and aunt, Mr. and Mrs. E. J. Hackett of 512 St. Paul avenue, has returned to her home in Owensboro, Ky.

Joe W. Hicks, a nephew of Mr. and Mrs. Hackett, who was also their guest for the summer, has returned to his home in Oklahoma City and will soon receive his degree in journalism at the State University of Oklahoma, after which he will return to make Los Angeles his home.

Mrs. Chickster Entertains
Mrs. William J. Chickster is to be hostess at a dinner party this evening at her home on South Wilcox place. She and Mr. and Mrs. John A. Armstrong and Miss Melchen Armstrong, have just returned from Del Monte, where they were in time for the golf tournament.

Ventura Fair to Have Many Attractions
The 1922 Ventura county fair, commencing October 4 and lasting four days, will be the greatest exposition ever staged in Ventura county, according to an announcement made yesterday by fair directors.

Among the attractions will be a fire-show, automobile exhibit, agricultural and horticultural departments, horse, cat and dog show, rodeo and concert by Gregory's Royal Marine Band and Father Villa's band.

Committees in charge of the various departments of the fair yesterday informed the directors that exhibitors have already reserved most of the space allotted to the live-stock show and many of the other departments have been booked solid.

The rodeo, which will be a feature of the fair, is under the personal supervision of Bob Anderson of Newhall, who announced yesterday that he has a number of buckaroos from the Northwest who will compete with local riders.

COMPRESSED COTTON RATES ARE SLASHED
[EXCLUSIVE DISPATCH]
CALEXICO, Sept. 21.—Effective the 25th inst. is a new rate ruling of the Southern Pacific Railroad on compressed cotton between Calexico and El Paso. Compressed cotton has been reduced from \$1.46 to \$1.18 per 100 pounds. A special and reduced rate has also been announced on cotton lint between the same points.

Diet and Health
By Lulu Hunt Peters, M.D.
Author of "Diet and Health, with Key to the Calories"I, I, I, MYSELF, I
THE HISTORY OF ME BY MEChapter XXVII
MY BOTTLE

As I told you last week most doctors believe giving us babies one bottle a day is very wise. Still there are some doctors who don't believe so, and you mamas had better see your own baby doctor about this. With a very few mamas the interruption of the regular feeding may lessen the milk supply. This does not happen very often though.

In case it should happen with my mama, she will stop the bottle quick as your eye could snap. Another thing she could do, of course, would be to express the milk from her breast at the period she would have nursed me otherwise.

I told you that I had one ounce of milk and two ounces of water and that mama was going to increase the milk one-quarter of an ounce a day until I got half milk and half water. If I had all bottle feedings she would not increase the proportion so rapidly as this but one-quarter of an ounce every third or fourth day.

I will have no sugar in my mixture until I am thoroughly used to the new milk; then mama will put in one-quarter of a level teaspoonful of sugar for two days. She will increase it one-quarter of a teaspoonful every three days until I am having a level teaspoonful in the mixture. This is not to make it sweet for me, but because it adds to the food value.

Mama will use ordinary granulated sugar because I am strong and healthy and will be able to digest it; but if I had a weak digestion, or if I were not so strong, she would use malt sugar.

My feeding is prepared in this way. Mama takes a little more than the amount of water that the mixture requires and boils it thoroughly; then she adds the milk which is taken from the bottle well shaken so the cream is well mixed in it, and she boils that with the water for two or three minutes, stirring it constantly so that no scum will form on it. This boiling is done to make the milk more easily digested and mama will stop doing this after two or three weeks when I am used to it. Of course we are getting the best certified milk which means there is no danger of my getting tuberculosis.

their mountain home in the Verdugo Hills, near Sunland, all winter.

Return From Coronado
Mr. and Mrs. U. G. Orendorf and their attractive daughter, Miss Helen Orendorf, have returned from Coronado, where they passed several delightful weeks.

In Bay City
Mr. George Leslie Smith has gone to San Francisco for a few days' visit.

Mrs. Bishop Returns
Mrs. Geneva Johnstone-Bishop returned on Tuesday from a visit to the east, and is the guest of Mrs. Charles Modini-Wood of 515 Slat.

Returned to Kentucky
Miss Lottie Lashbrook, who spent the summer with her uncle and aunt, Mr. and Mrs. E. J. Hackett of 512 St. Paul avenue, has returned to her home in Owensboro, Ky.

Joe W. Hicks, a nephew of Mr. and Mrs. Hackett, who was also their guest for the summer, has returned to his home in Oklahoma City and will soon receive his degree in journalism at the State University of Oklahoma, after which he will return to make Los Angeles his home.

Mrs. Chickster Entertains
Mrs. William J. Chickster is to be hostess at a dinner party this evening at her home on South Wilcox place. She and Mr. and Mrs. John A. Armstrong and Miss Melchen Armstrong, have just returned from Del Monte, where they were in time for the golf tournament.

Ventura Fair to Have Many Attractions

COMPRESSED COTTON RATES ARE SLASHED
[EXCLUSIVE DISPATCH]
CALEXICO, Sept. 21.—Effective the 25th inst. is a new rate ruling of the Southern Pacific Railroad on compressed cotton between Calexico and El Paso. Compressed cotton has been reduced from \$1.46 to \$1.18 per 100 pounds. A special and reduced rate has also been announced on cotton lint between the same points.

War Waged on "Wet" Policy of Woolwine
Describing Thomas Lee Woolwine's stand on the anti-child-labor movement as a "last straw effort" the Young Men's Republican League yesterday opened the fight in Southern California on the gubernatorial candidate's "wet" policy. The statement issued yesterday by the league, follows:

"Woolwine as a wet candidate is besmirching the anti-child-labor movement by his last-straw effort to popularize his candidacy with wet and child-labor issues. Neither are State issues in this campaign. They are both national issues."

A delegation of the organization conferred with Friend W. Richardson Wednesday on the coming campaign to be made in Southern California. This committee was composed of Hugh A. McNary, Walter J. Little, Lin William Price, William B. Gilroy and Louis J. Canapa.

Mr. Richardson has arranged to speak before the Young Men's League Wednesday according to an announcement made yesterday.

ADmits BOOTLEGGING; IS FINED AND JAILED
WOMAN WHO BOUGHT WHISKY TOLD SHE COULD GET CARLOAD LOTS

Charles Malloy, charged with running a blind pig in the rear of the oil station at Jefferson and Figueroa streets, pleaded guilty yesterday to a violation of the prohibition law before Judge B. J. B. and was fined \$200 with three months in the County Jail.

The complaining witness was a Miss Little, the employee of the prohibition enforcement office, who bought a quart of whisky from Malloy, for which she paid \$15.

She said that when the sale was made Malloy declared that he did not care anything about the retail trade, but that he could fill an order as large as case or carload lots. He stated that he had been in the game about two years, and had made about all of the money that he cared for.

WILL BE FINE-GATED
The estate of the late Thomas F. Foley, well-known furniture dealer, is valued at \$100,000, according to the terms of a will filed for probate yesterday. The estate, with the exception of a few minor bequests, was left to Mrs. Mary W. Foley, the widow.

HOUSEHOLD SUGGESTIONS
Economy in Napkins
Dainty and economical are the napkins made from unbleached muslin with a crocked edge in dark blue or rose.

A Mother's Helper
A large box of an ordinary basket, used for toys, will be labor saver for mother. Teach the children to put away their toys in it when finished playing with them.

Sorting the Wash
Don't forget to look over the clothes for the laundry very carefully, removing any forgotten pins and seeing that no studs or cuff buttons have been left in the men's shirts.

China Repairs
If you should accidentally chip a piece out of the top of a valued vase, mould a piece of putty into the cavity and paint it the same shade as the rest of the vase. It will scarcely be discernible.

Grease Spots From Paper
Grease spots can be removed from books or papers in the following manner: Gently warm the greased or spotted part of the paper with a hair dryer, and then place it between two sheets of blotting paper. Repeat the process until the marks disappear.

Lemons
When only half a lemon is needed, place the other half on a dish, cut side down, and put in the refrigerator. It will keep quite a while in this manner.

Did You Know
That "Java and Mocha" are no longer used to indicate the country from which the coffee is imported, but as trade names simply to signify the quality of the blend?

This and That
Stale bread is best for chicken filling.
Vinegar will remove paint stains from windows.
Rhubarb and strawberries make an excellent filling for tarts.
Clean the top of your shades with a rough flannel cloth dipped in flour.
Time and trouble will be saved by putting snaps on your sofa cushion covers.
Clean the hairs and ravellings from the vacuum cleaner brush with a coarse comb.
The Old Family Tooth Brush
When cleaning the carving on furniture, use a soft tooth brush to apply polish. Rub dry with a piece of cheesecloth.
Suet Dumplings
Before putting the suet dumplings into the pan, prick them well several times. Then they will not stick to the bottom, but will be light and float.
Smoke in the Kitchen
Don't forget to open the kitchen windows at the top and bottom when frying eatables. The draft created will carry out any smoke as fast as it is produced.
Economical Buying
Don't always telephone for your order. Make one trip to the store each week so you can keep in touch with your grocer and butcher and know the prices of the articles you are buying.

PROPERTY OWNERS PETITION
Fight Against Arroyo Seco Rock Crushers Renewed by Five Thousand
Renewing their fight to oust the rock crushers from the Arroyo Seco, 5000 property owners yesterday filed a petition with the City Council urging that steps be taken to order rock and gravel establishments out of that district.
The petitioners declared that the excavation operations of the rock companies have undermined bulkheads along the banks of the Arroyo, endangering the safety of streets and bridges. Further, the residents say that the Arroyo should be made a beautiful spot, and that this cannot be done until the rock crushers which are "unightly, dusty and smoky" are removed.
The rock crushers were termed in the petition which was presented by J. J. Jeffrey, "an intolerable nuisance" that was destroying the natural beauty and value of the Arroyo and the adjacent residential district.
The Council referred the petition to the City Attorney for a report as to the city's power to oust the rock crushers. Already the Council has taken a strong stand in refusing the rock crushing companies permission to extend their activities in this district.
JOINS FACULTY OF OTIS ART SCHOOL
EDOUARD VYSSEKAL TO TEACH DRAWING AND PAINTING AT INSTITUTE
Edouard Vyssekal, member of the California Art Club, California Water Color Society and the Palette and Chisel Club of Chicago, has joined the staff of the Otis Art Institute as an instructor in drawing and painting, according to an announcement made yesterday. Mr. Vyssekal will take up his instructing at the opening of the fall term, on the 25th inst.
Mr. Vyssekal, who has been in Southern California for some time, graduated from the Chicago Art Institute and then continued with that school as an instructor for several years. Later he went to Europe and continued his studies. After his return from Europe the artist came to Los Angeles.

Fashion Forecasts
LADIES' AND MISSES' DRESS

A delightful soft dress for warm afternoons that is simple to make is shown. The yoke and upper sleeve section are in one piece finished with cuffs and trimmed with narrow pleating.

The ladies' and Misses' dress pattern No. 1393 cuts in sizes 16 years, 36, 38, 40 and 42 inches bust measure. Size 36 requires 3 1/4 yards 36-inch material with 1 1/4 yards 36-inch contrasting Price 15c, stamps or coin (color preferred).

When you order your pattern we think it would pay you to enclose 10 cents extra to receive a copy of our SUMMER FASHION MAGAZINE which shows about 400 styles, including several pages of embroidery designs and contains a seven-lesson course in dressmaking.

While I am having just one bottle a day, mama realizes it is just as important to have everything scrubbed with a bottle of borax as it is to have my feedings from the bottle. As soon as I have finished my feeding, my bottle is scrubbed with a bottle of borax and hot water and then rinsed well with hot water. Then some hot water is poured into the bottle with a teaspoonful of borax and shaken well until the borax is dissolved. It is then filled brimming full of water and stands with this strong solution of borax in it until the next day when my feeding is made up. The borax solution is then poured out and the bottle is rinsed carefully.

With this method of cleaning it is not necessary to boil it every day, but every two or three days it is boiled also. Mama got some nipples of black rubber, as that seems to be the best rubber, and boiled the one I am going to use first. As soon as I have my feeding the nipple is cleaned about the same way the bottle is.

borax is put in it and it is held under the faucet and rubbed between the thumbs and fingers. It is then placed in a cup of water, containing one heaping teaspoonful of borax. It is not necessary to boil them every day if they are cleaned in this manner, for that soon softens them.

As this subject is so very important, I shall tell you more about it next week. —Answers to Correspondents.
[Copyright, 1922, George Matthew Adams.]

To Place, Mrs. Modini-Wood and Mrs. Johnston-Bishop are leaving today to spend the week-end at Arrowhead Lake.

Here From Panama
Mr. and Mrs. Fred Moreland Phelps of 2817 Menlo avenue, have as house guests Mr. and Mrs. Richard Douglas Montgomery and little daughter, Betty, of Panama.

This is the first visit of the Montgomerys to the States since leaving up their abode in South America, over a year ago. Mrs. Montgomery is the daughter of Mr. Phelps, and Mrs. Frank Blumond of Norton avenue. Mr. Montgomery represents large oil interests in South America with headquarters in Panama.

In Reno
Mrs. Gladys Barbieri, who has been visiting her brother, Harry Post, has gone to Reno for a short visit. She will be domiciled for the winter at the Holton Arms.

Returned to Kentucky
Miss Lottie Lashbrook, who spent the summer with her uncle and aunt, Mr. and Mrs. E. J. Hackett of 512 St. Paul avenue, has returned to her home in Owensboro, Ky.

Joe W. Hicks, a nephew of Mr. and Mrs. Hackett, who was also their guest for the summer, has returned to his home in Oklahoma City and will soon receive his degree in journalism at the State University of Oklahoma, after which he will return to make Los Angeles his home.

Mrs. Chickster Entertains
Mrs. William J. Chickster is to be hostess at a dinner party this evening at her home on South Wilcox place. She and Mr. and Mrs. John A. Armstrong and Miss Melchen Armstrong, have just returned from Del Monte, where they were in time for the golf tournament.

Ventura Fair to Have Many Attractions
The 1922 Ventura county fair, commencing October 4 and lasting four days, will be the greatest exposition ever staged in Ventura county, according to an announcement made yesterday by fair directors.

Among the attractions will be a fire-show, automobile exhibit, agricultural and horticultural departments, horse, cat and dog show, rodeo and concert by Gregory's Royal Marine Band and Father Villa's band.

Committees in charge of the various departments of the fair yesterday informed the directors that exhibitors have already reserved most of the space allotted to the live-stock show and many of the other departments have been booked solid.

The rodeo, which will be a feature of the fair, is under the personal supervision of Bob Anderson of Newhall, who announced yesterday that he has a number of buckaroos from the Northwest who will compete with local riders.

COMPRESSED COTTON RATES ARE SLASHED
[EXCLUSIVE DISPATCH]
CALEXICO, Sept. 21.—Effective the 25th inst. is a new rate ruling of the Southern Pacific Railroad on compressed cotton between Calexico and El Paso. Compressed cotton has been reduced from \$1.46 to \$1.18 per 100 pounds. A special and reduced rate has also been announced on cotton lint between the same points.

War Waged on "Wet" Policy of Woolwine
Describing Thomas Lee Woolwine's stand on the anti-child-labor movement as a "last straw effort" the Young Men's Republican League yesterday opened the fight in Southern California on the gubernatorial candidate's "wet" policy. The statement issued yesterday by the league, follows:

"Woolwine as a wet candidate is besmirching the anti-child-labor movement by his last-straw effort to popularize his candidacy with wet and child-labor issues. Neither are State issues in this campaign. They are both national issues."

A delegation of the organization conferred with Friend W. Richardson Wednesday on the coming campaign to be made in Southern California. This committee was composed of Hugh A. McNary, Walter J. Little, Lin William Price, William B. Gilroy and Louis J. Canapa.

Mr. Richardson has arranged to speak before the Young Men's League Wednesday according to an announcement made yesterday.

ADmits BOOTLEGGING; IS FINED AND JAILED
WOMAN WHO BOUGHT WHISKY TOLD SHE COULD GET CARLOAD LOTS

Charles Malloy, charged with running a blind pig in the rear of the oil station at Jefferson and Figueroa streets, pleaded guilty yesterday to a violation of the prohibition law before Judge B. J. B. and was fined \$200 with three months in the County Jail.

The complaining witness was a Miss Little, the employee of the prohibition enforcement office, who bought a quart of whisky from Malloy, for which she paid \$15.

She said that when the sale was made Malloy declared that he did not care anything about the retail trade, but that he could fill an order as large as case or carload lots. He stated that he had been in the game about two years, and had made about all of the money that he cared for.

INGRAM'S LATEST

WILL FILM SABATINI'S TALE "SCARAMOUCHE"

By Grace Kingsley
From the Metro studios comes word that Rex Ingram has just completed the purchase of the film rights to "Scaramouche." Rafael Sabatini's fascinating and sensational novel of the French revolutionary period. Ingram will make this picture in Florida, where he is now filming "The Passion Vine," and Ramon Navarro and Alice Terry (Mr. Ingram's wife) will have the leading roles.
Ingram and his wife will probably go to Europe before returning to California. Indeed, it may be a long time before they come back, as they have long cherished the desire to make their home on the Riviera. It is likely, in fact, that Ingram may make "Tollers of the Sea" in Europe.
Another important announcement from the Metro studio is to the effect that Lon Chaney has been engaged to enact the role of Mark Shere, the star brother, in "All the Brothers Were Valiant," the Ben Ames Williams sea story, which Irving Willat is directing. Laurette Taylor and Viola Dana are working on location outside the city at present, but will shortly return.

BELASCIO COMPANY

IN LIVELY ACTION

The lately organized Edwin Belascio Productions are getting briskly under way, according to an announcement made yesterday. The organization is working at Universal City. It has Wallace Fitzgerald as director general. Al Kelly as production manager, Stanley Orr as business manager and Jack Allen as assistant director.
The first picture to be made by the company is by Lois Zellner, and is called "Her Price." The principals in the cast are Mitchell Lewis, Forrest Stanley, Miriam Cooper, while Maud Wayne, Richard Tucker, Kate Lester and Thomas Rickard will have strong supporting roles.
Actual shooting on the first scenes will begin Monday at Universal City, while at the same time the company will travel to Balboa and San Francisco.
"We mean to make only first-class pictures," said Mr. Belascio, "and we have already secured the rights to several well-known stories."

Edwards Comes Home

After more than two years spent abroad, during which he made several feature films, J. Gordon Edwards, Fox director, has returned from Palestine, where he took scenes for his current super-production, "The Shepherd King." Mr. Edwards is expected to come West to make a picture.

Jack Pickford Stays East

He just cannot tear himself away from Marjorie Miller, his wife, and therefore Jack Pickford will rent a New York studio and film his next two pictures in the East, according to telegraphic advice. He will thus be enabled to make week-end trips to Boston to see the star of "Bally Hoo."

Sounds Genuine

Revealing the independence and temperament that are sure signs of the star, William Beaudine's infant son, cast in a picture, registered the business of commencing the bringing of his father's gray hairs to the grave. A crawling baby was demanded in the scene, but Master Beaudine insisted on showing his new accomplishment of toddling. So much to his father's chagrin, another infant had to be procured.

Ethel Clayton's Latest

The intrigue, mystery and beauty of the Orient are injected into the practicability and shrewdness of the Occident in Wesley Ruggles' latest directorial activity on the Robertson-Cole lot. Ruggles started yesterday the filming of "The Remittance Woman," starring Ethel Clayton. The film is an adaptation of Achmed Abdulla's story, and ranks as one of the author's most notable tales.
The cast is an important one, including Edward Kimball, Tom Wilson, Rockcliffe Fellows, Missetta Lee and a group of oriental artists.

Lee Kids Again in Films

Jane and Katherine Lee will appear on the screen in "A Pair of Aces," a two-reeler culled from the eight-reel original. This will mark the Lee Kids' first dip into films since they played in Fox features three years ago. They have been playing vaudeville since.

Claire Adams With Universal

Claire Adams, leading woman in many Benjamin B. Hampton productions, has been signed to play the lead opposite Herbert Rawlinson in the star's latest Universal feature, "The Kidnappers," which Stuart Paton is directing.

Couldn't Bust the Bottle

Soft drinks, like everything else, are not always what they seem. Take that ceremony, for instance, at which Dick Barthelmess officiated, when he was called upon to christen a new theater in New York the other day. He tried to break a bottle of near-beer over the masonry, according to report, but the damage he did to the theater will cost the owners considerable. The soft stuff bottle was hard and refused even to crack.

Leaving "Humming Bird" Cast

Marie Walcamp and Harlan Tucker are leaving the cast of "The Humming Bird," at Egan's Little Theater. Tucker is to go into rehearsal with the Pasadena Smith-King Players, while Miss Walcamp will accept a picture engagement which has been offered her.

This Will Be Miss Walcamp's

first appearance in pictures since her starring days with Universal, some three years ago.

Einstein Breaks Into Films

If you have been wringing over the Einstein theory of relativity, you may calm yourself. A film which it is alleged will smooth out all difficulties and make the thing as clear as day is now on the market and will shortly be shown to American audiences, according to New York dispatches. No less person than Prof. Einstein

Scene from "The Fast Mail"

Screen version of old-time stage thriller, which is to show next week at the Alhambra. Eileen Percy and others are featured.

MAKE LONG JUMPS

Jumping clear across the continent to play the Orpheum here means nothing at all in the lives of vaudevillians these days. Last summer when Rae Samuels made the leap from New York, it was a record; but yesterday Anatol Friedland came in with some dozen or more girls in his troupe, direct from St. Louis, with no stop on the way, and last night, Dorothy Sadler, also in next week's bill, arrived after a jump direct from St. Paul. The Friedlanders all hustled down to the beach to cool off in the ocean, but Dorothy went about 'cooling off' in Los Angeles after 120 on the desert, and no shade. Miss Sadler, who is playing a W. C. De Mille act, will arrange for a new one from his pen while here. She was last out here as the vamp in "Kiss Me" at the Orpheum.

FINISHING "DANGEROUS AGE"

Under the supervision of the director John M. Stahl, "The Dangerous Age" is nearing the final stages of completion in the cutting room. Louis B. Mayer expects to ship the negative East within the next week where it will be printed for distribution through Associated First National. The cast of "The Dangerous Age" includes Cleo Madison, Myrtle Steadman, Edith Roberts, Ruth Clifford, Helen Lynch, Delorice Lewis, Stone, James Morrison, Lincoln Stedman, Edward Burns and Richard Tucker.

Will Rogers' New Film

"The Fruita of Faith" a two-reeler, starring Will Rogers, will soon travel the rounds, captioned by Pathe.

Pola Negri Is Critical

Pola Negri the other night in New York saw the new musical comedy, "Sally, Irene and Mary." Asked what she thought of the production, Miss Negri replied: "It is a perfect motion picture." So that's that.

Had Previous Engagement

There's a sad split in the partnership of Moran and Mack, the vaudeville headliners, who have entertained us many a time and oft at the local Orpheum. It seems that while playing Syracuse, N. Y., Mack, whose real name is Charles Selders, was arrested and jailed because he had not paid his wife, from whom he was divorced, the sum of \$1450 for the support of their little daughter. The court had awarded the former Mrs. Selders the sum of \$20 a week for the support of the child, but the sum had not been paid, and you can figure out for yourself how many weeks' payments were due when he was arrested to make the total amount up to \$1450.

Warfield as "Merchant"

David Warfield is at last to have his chance to play "The Merchant of Venice," fulfilling a life-long dream. David Belasco will present him in the play first in Wilmington, Del., in early November, and later in New York. Mary Servoss, who will be remembered as leading lady at the Morosco Theater here for several seasons, will play the role of Portia.

Rudy Valentino Responsible

It looks as though we are now to have a Spanish craze in the theater, following the success of Otis Skinner in the stage version of "Blood and Sand," and of Rodolph Valentino in the screen version of the Ibanes play, as well as the success of the Rinehart and Hopwood play, "Spanish Blood." At any rate, Claude Bostock, manager of the Casino, dancers, is to secure a tipster in Times Square, New York, where a will put on an all-Spanish entertainment; while Anton Scibilia has imported a troupe of dancers, Spain's Royal Court dancers, the Royal Court serenaders, to appear here in vaudeville.

Preview of "Remembrance"

A preview of Rupert Hughes' picture "Remembrance" was given Tuesday evening at Goldwyn studio before representatives of the daily newspapers, trade journals and other publications. The showing of the film was preceded by a dinner in the studio cafeteria, which institution assumed a new personality for the time being. Mr. Hughes gave a clever talk telling his aims in picture-making. He was introduced by J. A. Jackson, publicity representative for the company.

Will Seek New Talent

Expressing the belief that future stars will come out of the American universities, Marshall Neilan is planning to visit several of the country's leading educational institutions with a view to discovering talent among the students. He is already corresponding with the presidents of several big colleges.

"Song of Songs"

Suderman's famous "The Song of Songs" is to be produced for the screen. Fox is to film it, and Harry Millarde, who made "My Friend, the Devil," now showing at the Mission Theater, is to direct. It is probable that Barbara Cartland, who plays in this picture, will appear as Lily in "The Song of Songs." Edmond Lowe and Marc McDermott, among others, will be in the cast.

PLAYDOM

MAE MURRAY BUSY

PEPPY SCREEN STAR FILMS "CORONATION"

By Edwin Schallert
Having but recently arrived here from the East, Mae Murray, queen of jazz and burlesque in the picture play, has plunged headlong into production of her feature, "Coronation." This is being made at the Goldwyn studios, although for Metro release. Arrangements were made for her to work at the Culver City plant, through the courtesy of the Goldwyn organization.
Her feature is as usual being directed by Robert Z. Leonard, and the principal supporting role is played by Rod La Rocque, who is leading man for Mary Nash in "Thy Name is Woman," the stage show when it was presented here about two years ago. Mae Murray brought a complete organization with her from the East, including her cameraman, assistant director, and production manager.
Robert Frazer, who appeared in "Fascination," with Miss Murray, is to take part in her new production.
Going to Hawaii
Betty Compson will leave very shortly for Hawaii to make local scenes for the pictureization of "The White Flower," which will be directed by Julia Crawford Ivers. Other important roles in the film are played by Edmund Lowe, formerly leading man at the Morosco stock theater here; Edward Martindel, Leon Barry, Sylvia Ashton, Arthur Hoyt, Arline Fretty and Lily Phillips.

Elaine Travels

Elaine Hammerstein, who has just finished the picture feature, "One Week of Love," for Selznick release, is on a vacation trip to New York. She will be gone for three weeks.

Visiting Neilan

Recently elected vice-president of the Goldwyn Distributing Corporation, James R. Granger, is paying a visit to the Coast, and is now stopping over at the Culver City studios for a conference with Marshall Neilan. Four years he acted as personal representative for Mr. Neilan, and is still looking after the producer's distributing interests. He is completing a tour of the Goldwyn exchanges.

"Kick In" Finished

"Kick In," George Fitzmaurice's production, has been completed. Betty Compson, Bert Lytell and May McAvoy are featured. Mr. Fitzmaurice is now preparing for his next picture, "Belle Donna," in which the Polish actress, Pola Negri, will be starred.

Red's Next Picture

"Nobody's Money," an entertaining comedy, adapted by Beulah Marie Dix from the play by William LeBaron, will be Wallace Reid's next starring picture. According to announcement made by Jesse L. Lasky, first vice-president of Famous Players-Lasky Corporation, Wallace Worley will be especially engaged to direct.

BUILD HOMES FOR MEXICANS

Pasadena Has Housing Plan to Relieve Distress

**Corporation Formed Among
Business People**

Small Rent to be Charged for Good Dwellings

By a "Times" Staff Correspondent

PASADENA, Sept. 21.—In order to do away with certain social conditions existing here the special housing committee of the Chamber of Commerce has formed a \$100,000 corporation to finance the construction of cheap, comfortable and sanitary homes in the Mexican quarter, which will rent for \$16 to \$20 a month.

An initial expenditure of \$35,000 for the erection of eighteen or twenty houses will be made at once, it was said.

the corporation known as Mexican Homes Corporation, has just filed its papers with the Secretary of State, with W. S. Granis, A. P. Gove, Miss F. M. Bonis, L. M. Pratt, Frank S. Wallace, Mrs. Charles E. Ashcroft, Mrs. Maynard Force Thayer, Victor E. Falkenau, Raymond G. Thompson, Miss Mary Wallace Weir, Stuart W. French, Dr. James H. McBride, C. A. Edsall, R. R. Blacker, Arthur Bush Stevens, A. J. Morris and Mrs. Esther Mack.

Extension of the property of the Los Angeles Gas and Electric Company the past summer caused the tearing down of a number of homes occupied by Mexican laborers and their families and considerable hardship to them. The special committee was named to devise a remedy and decided upon this corporation as the best step to take.

"We will buy land, erect homes and rent them at a figure that will interest on the investment."

Falling two stories from a fourth-floor under construction at Bunting and Podiatry streets where he was working as a carpenter, Christopher Wind, aged 18 years, yesterday suffered a fractured skull. Police Surgeon Sebastian, who administered emergency treatment at the scene, said the fall was "purely

Wind, according to the police.

was walking along a narrow beam when his foot slipped and he lost his balance and fell. He is an employee of the Robert Millsap Contracting Company.

TRAVEL BY WATER

In the Firelight's Glow—
Gentlemen's Smoking
Room

—a service for the
person of affairs!

Northbound

SAN FRANCISCO AND SEATTLE
via the super-ship

"H. F. ALEXANDER"

HERE'S a new and superior coastwise service—an unequalled combination of speed, luxury and service that has elevated Pacific Coastwise ocean travel to a new standard—a standard that makes the travel-by-water way the logical travel route for the person of affairs.

Picture yourself afloat in your favorite club or hotel with all of its comforts, conveniences and luxuries—at a clip equal to that of the fastest trains. That's precisely what you'll experience on the super-ship "H. F. Alexander."

Speed?—only 16 hours to San Francisco; 63 hours to Seattle. Luxury?—everything that you've been accustomed to. Service?—private telephones in all rooms, shower baths, bell boys, barber shop, children's nursery are just an intimation.

Sailings from Los Angeles for San Francisco and Seattle:
"H. F. Alexander" 5 p. m. every Friday; "Ruth Alexander" or "Dorothy Alexander" alternately 10 a. m. every Sunday.

Sailings from Los Angeles for Portland:
"Senator" and "Admiral Farragut" alternately 10 a. m. every Wednesday.
